Technical Skills

- **Languages:** Java, Python, JavaScript, HTML, CSS, SASS
- **Frameworks & Libraries:** React.js, Express.js, Next.js, Frappe
- **Back-End Technologies:** Node.js, RESTful APIs
- **Databases:** SQL, MongoDB, MySQL workbench
- **DevOps & Cloud:** AWS (EC2, S3), Git, Linux
- **Version Control:** Git, GitHub
- **Development Tools:** Visual Studio Code (VS Code)

Experience

LDT Technology Pvt. Ltd. — Software Developer

01 Jul 2024 - Present

- **JUA (Hotel Management System):** Developed a **responsive** user interface to enhance **usability** and implemented user permissions to ensure secure access control. Utilized best practices to deliver a **scalable** and **user-friendly** solution.
- **LDT Website Enhancement:** Improved the **UI/UX** of the LDT Technology Pvt. Ltd. website, adding a Contact Us page with form functionality, a Hire Us page, and a Product Section using **React.js**, **Next.js**, and **Node.js**. Implemented the Contact Us form across multiple pages using **component reusability** in **React**. Optimized performance with **lazy loading** and **form validation**.
- **TP-Link:** Spearheaded the configuration of ERP systems using the Frappe Framework, streamlining business operations and enhancing performance. Collaborated with cross-functional teams to ensure seamless deployment and integration of ERP systems. Optimized workflows and improved system functionality, contributing to overall project efficiency.

LDT Technology Pvt. Ltd. — Software Developer Intern

04 Jan 2024 - 30 Jun 2024

- **Zaps Premium:** Developed the front-end using **React.js** and integrated it with the Frappe-based backend, handling server setup and maintenance.
- **BEAM (Internal Project):** Configured ERP, CRM, Accounting, Buying, Selling & LMS modules using the **Frappe Framework**, automating business processes and improving inter-departmental coordination.

Projects

- **Musify (E-Commerce):** Demo video link [click here](#)
Developed a music learning platform using **Next.js** and **MongoDB**. Implemented **user authentication**, **course purchasing**, and a **responsive UI** to enhance user experience. Full-stack solution integrating front-end and back-end functionality.
- **Grocery Shop (E-Commerce):** Demo video link [click here](#)
Built a full-stack e-commerce platform using **React.js**, **Node.js**, and **MongoDB**. Features include **secure login**, **shopping cart**, and **responsive design**. Optimized **database queries** to improve performance and reduce server response times.
- **Toys Sell (E-Commerce):** Demo video link [click here](#)
Designed a responsive e-commerce front-end application using **React.js**. Implemented **dynamic product filtering**, **intuitive navigation**, and **responsive layouts** to enhance usability across devices.

Education

- **Chandigarh Group of Colleges, Jhanjeri, Mohali, India** (2020 - 2024)
B.Tech in Computer Science and Engineering, CGPA: 7.34/10.00
- **DAV Senior Secondary School, India** (2019 - 2020)
Non-Medical (Intermediate) - CBSE
- **DAV Senior Secondary School, India** (2017 - 2018)
Matriculation - CBSE

Training/Courses

- **Core Java:** 30 days training from PG Tech pvt.ltd. 18 Jul 2022 - 18 Aug 2022
- **Core JavaScript:** 60 days training from Perfect Computer Classes pvt.ltd. 01 Sep 2023 - 01 Nov 2023

Academic and Extracurricular Achievements

- **Competitive Programming:** Solved 300+ problems on **GeeksForGeeks** and **LeetCode**, showcasing strong problem-solving skills.
- **NCC (A, B, C Certificates):** Proven leadership and discipline as part of the **Air Wing**.
